

## The *pace* of the classes is:

---

1. Too fast 5%
2. Too slow 5%
3. About right 90%

## We use In-Class Questions and "Voting Cards"

---

As an aid to your learning, this is:

1. Very helpful 80%
2. A waste of time couple
3. I am neutral about this 15%

Sometimes we do not follow the text very closely

---

1. I would prefer classes to follow the text more closely. *few*
2. I would prefer classes to follow the text even less than we have been doing. *10%*
3. I think the classes have a good balance between following the text and using other approaches to the material. *~ 90%*

You drink your coffee with cream.

---

You have a very hot cup of coffee and some cool cream. Just adding the cream doesn't get the coffee cool enough to drink. To get the coffee cool enough to drink as quickly as possible you should:

1. Add the cream right away. *1/3 46%*
2. Add the cream later. *1/3 20%*
3. It doesn't matter: it will take as long to cool down either way. *1/3 40%*

It is a really hot day.

---

Your air conditioner is broken and your roommate says, "Let's open the refrigerator door and cool this place off." Will this work?

1. Yes. 0
2. No. 90%
3. It might, but it will depend on how hot the room is. 10%
