

Examples of the Complementarity Principle by Bohr:

- "The opposite of a true statement is a false statement, but the opposite of a profound truth is usually another profound truth."
- Life: a form through which matter streams
Life: a collection of matter
- Justice and Love

Lao Tsu: “The Tao that can be told is not the true Tao.”

David Harrison: “The electron that can be told is not the true electron.”

John A. Wheeler’s Universe

“Symbolic representation of the Universe as a self-excited system brought into being by ‘self-reference’. The universe gives birth to communicating participators. Communicating

participators give meaning to the universe ... With such a concept goes the endless series of receding reflections one sees in a pair of facing mirrors.”
