

About the “Clickers”

- If you have not already done so, pull out the clear plastic tab on the back of the clicker. This activates the batteries.
- You will want to note that on the back of the clicker is a unique ID. This will be needed for you to register your clicker.

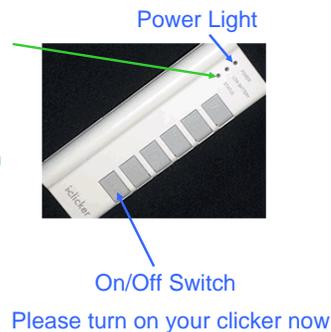

The “Clickers”

Status Light

When we start asking you questions:

- Will flash **green** when your response is registered

- Will flash **red** if your response is not registered

Last Year At This Time You Were:
